GPPAC Internship Gender

Starting date	10 September 2018
Duration	4 months (4 days a week)
Location	GPPAC Foundation in The Hague, the Netherlands
Deadline	10 August 2018

Please note that the position is unpaid. We will provide EUR 150 per month to cover expenses.

About GPPAC

The GPPAC Foundation is a non-governmental organisation that promotes conflict prevention and peacebuilding strategies and supports and connects people working for peace worldwide. It is the Global Secretariat of the Global Partnership for the Prevention of Armed Conflict (GPPAC), a network of civil society organisations working in this field. See: www.gppac.net.

We facilitate connections between network members for learning and knowledge exchange, and we work to make sure that the voices of local civil society organisations are heard in national and international policy arenas.

GPPAC seeks to build a new international consensus on the way in which we approach violent conflict, calling for a fundamental change: a shift from reaction to prevention.

About the GPPAC Internship Programme

Interns are invaluable to GPPAC, as they support our programmes with a great deal of enthusiasm and dedication. In turn, we aim to provide our interns with a useful learning experience for professional development. In addition to on-the-job learning about the programme they intern with, interns will gain an overview of the workings of our organisation and network as a whole. We also provide a series of short workshops over the duration of the internship, on topics ranging from the theoretical (how to analyse a conflict) to the practical (how to develop a project budget). Each intern, together with their supervisor, sets personal learning goals, which are monitored throughout the internship.

Internship Gender

The Knowledge, Practice and Advocacy team facilitates the knowledge exchange and development amongst GPPAC members on specified themes within the conflict prevention field. It enables a unique clearing house of civil society generated knowledge, through collecting, sorting and documenting experiences, lessons learned and best practices on conflict prevention. The programme products also feed into GPPAC advocacy and outreach strategies at different levels.

The Gender programme supports GPPAC regions and other programmes in integrating gender-sensitive peacebuilding perspectives into their work and contributes a conflict prevention perspective to global advocacy efforts on women, peace and security issues. GPPAC builds on and promotes women's active leadership in conflict prevention and links this to the global advocacy for the full implementation of UNSCR 1325 on Women, Peace and Security and other relevant policy processes.

This internship has a focus on Gender activities under the supervision of the Coordinator Gender. The coordinator works from Belgrade in Serbia but the location for this internship position is in The Hague, the Netherlands.
